*"By Waters of Ontario, beside the Genesee
In Grace and quiet beauty, Charlotte will ever be."*

In the above words from our Alma Mater the theme of the 1957 Witan, "Time and Tide" is expressed, in its truest sense. Charlotte High School has maintained its proud position for 63 years and during this time many generations of youth have been influenced. Throughout history, youth has always been the ideal time of life. If this were not so, why should those who have it, live in dreams of it, build their lives from it, and live with the memory of it?

Like the waves of Lake Ontario endlessly rolling upon the sand, thousands of students have entered the portals of our school, and after charting their courses, making life long friends and participating in various activities—moved out into the sea of life, just as the Genesee River continues to wind its way to the Lake. Youths' adventures and activities are livelier than those of old age. Imagination seems to flow more easily across their minds like the tide. To Youth comes new ideas, new thoughts, new plans, all of which are surrounded with the enthusiasm that only Youth displays in its undertaking and only time will tell what is to be.

The theme of "Time and Tide" lends itself naturally to Charlotte High School because of its age and locale. We, the Class of 1957, hope that you the readers concur with us in the thought that it is logical and germane. Remember, "Time and Tide wait for no man."

*"Death, be not proud, though some have called thee
Mighty and dreadful, for thou art not so:
For those whom thou think'st thou dost overthrow
Die not, poor Death; nor yet canst thou kill me."*

JOHN DONNE

David Gerhard, a member of the Class of 1957, was fatally injured April 4, 1955. A graduate of School No. 42, he was a member of the Cub Scouts, Boy Scouts, and Explorers, and was active in church and church activities. He enjoyed horticulture, coin collecting, skiing, science, and mathematics. At Charlotte High School he was a member of the Cross Country Team, the Choir, and was continuously on the Honor Roll. Although his accomplishments were many, we shall remember him for much more. We shall remember him for his plans for the future which were never realized, for the times in Mrs. Mitchell's Geometry class when he challenged and tried to disprove accepted though controversial theorems, for the times when he showed us drawings he had made of sports cars in futuristic designs.

Above all we shall remember him for his sincerity, friendliness, depth of thought, strength of character, and leadership—for these Dave will always occupy a place in our hearts and minds.

Edward C. Courtney

Mr. Edward Courtney was a teacher—yes. But for students and colleagues both, he taught them much outside of class.

For many of us—as well as Mr. Courtney—the school day began in the bookstore. Notebooks, pencils, book-covers, and bus tokens were stock on shelves, but cheer, friendliness, sympathetic interest for all passers-by were the stock in trade—without price.

Familiar is the sight of Mr. Courtney standing beside the open gate of some field event, outdoors. Cashbox is under his arm but earnest inquiry is on his lips as he greeted his boys—his girls—his neighbors and his friends—to chat about their comings in and goings out.

For years Mr. Courtney was a coach of aspiring athletes. As cross country mentor, as track meet official, or junior baseball coach he trained runners for the race, he helped batters learn the game.

Too long, too hard, too high—too much were words unused in his vocabulary. “What next?” “Can you use some help?” or “Here, let me carry . . .” were words so characteristic for deeds in action.

There is a destiny that makes us brothers
None goes his way alone:
All that we send into the lives of others
Comes back into our own.

I care not what his temples or his creeds,
One thing holds firm and fast—
That into his fateful heap of days and deeds
The soul of a man is cast.

Janet Bon Fedder came to Charlotte in September, 1953. She had majored in Art Education in the University of Rochester, worked in Memorial Art Gallery as assistant, and been Art and Craft Director at Camp Onanda.

She immediately became the Art Advisor of The Witan and our yearbooks testify to the splendid job she has done. She has stimulated and encouraged her students to create, to attempt new and various forms. In competition the Witan has been awarded excellent ratings for cover designs and art work.

We shall miss you, Mrs. Fedder. We can only say "Thank You."

Mrs. Janet Fedder

Glenn M. Denison, Principal

To the Class of 1957:

Many years ago Albert Einstein remarked that science cannot produce happiness until men produce sense.

Making sense today means learning quickly how to get along with each other. Only thus can individuals hope for happiness and peoples for peace.

Make this a major goal of your continuing education.

All our good wishes go with you!

G. M. Denison

We, the Class of 1957 feel that we are privileged to have as our principal Mr. Glenn Denison.

During his eleven years as Principal of Charlotte High School he has tried to solve all problems with equal fairness. Friendliness, good humor, and a sincere desire to know each student . . . these are only a few of the many fine qualities which Mr. Denison has shared with us.

Charlotte High School has a new and welcome figure in its fold this year. From a combined job at East High School where he was both in charge of East High Annex and Vice principal of the school comes our new Vice principal Mr. Gates.

Born in Hornell, N. Y., Mr. Gates graduated from Olean High School and worked in the shoe and the banking business before attending Colgate University. Graduate study at the University of Rochester and Syracuse completed his educational background.

SENIOR CLASS ADVISORS

Can we Seniors ever forget Miss Withey and Mr. Gross decorating the gym for the Junior Prom, or Mr. Murray the day after the Senior Ball, helping the clean-up crew?

When we were confused freshmen, Mr. Robinson and Mr. Gross came to our rescue by starting us on our pathway to graduation. Mr. Heidenreich and Mr. Gross kept us on our pathways during our sophomore year by counseling. In our Junior year we organized and elected class officers. Our advisors, Mr. Gross and Miss Withey helped us sell stationery, magazines, and present "Moonlight and Music." Our Senior year has been filled with the Christmas candy sale, "Northern Lights," and plans for college and future vocations. We feel that our accomplishments have been many, and realize that we owe our success to our loyal class advisors. To you, our Senior Class Advisors, we, the Class of 1957, give our sincere thank-you.

Mrs. Madelyn Denise

We at Charlotte are proud to claim Mrs. Madelyn Denise as our own. After graduation from Charlotte High School, she received a B.A. from the University of Rochester, an M.A. in Latin from Columbia University and returned to her own home school to teach. Now she is leaving Charlotte but we shall remember her.

We shall remember her for the smile and cheery word she had for us.

We shall remember her for her integrity of scholarship. We shall remember her for the assistance she so generously and willingly gave her students.

We shall remember her because we, the faculty and students of Charlotte High School, hold her in affectionate esteem.

GOVERNMENT

STUDENT GOVERNMENT

"Student Government" these two words mean so much to so few, but so little to so many. For some, Student Government is held in esteem with undying fervor, but with many others indifference seems to be the general attitude. Here at Charlotte a student has unlimited opportunities to be a part of Student Government, but only *he* has the power to exercise them. Why is it then that many do not take an active part in it? Perhaps it is because they do not understand its functions or else they haven't made a sincere attempt to become a part of it. Charlotte can be proud thus far, of the interest that many of its students have taken in Student Government, but to remain so for the future well being of the school demands the education of the indifferent.

To an outsider, the words Student Government might mean that the school has some sort of system by which the students have partial control. But what of Senior, Executive and Junior Councils, Co-op, etc.? Would these names mean anything to an outsider? Do they mean anything to the average Charlotte student? The following quotations from the Student Hand Book should clarify some of the major questions concerning Student Government.

Charlotte has three student councils. The Senior and Junior Councils are made up of representatives of the homerooms and activities of the Senior (grades 10-12) and Junior (grades 7-9) High respectively. These councils discuss problems and proposals of their part of the school and present recommendations to the Executive Council. The Executive Council consists of the officers of the Senior and Junior Councils and of the Students' Association and also representatives of major school activities. This council acts on the recommendations of the other councils, decides on the Co-op Budget, runs many school projects and affairs.

Each spring the President of the Students' Association and the President and Vice-President of both the Senior and Junior Councils are elected by the student body. All other officers are chosen the following fall.

The Charlotte High School Students' Association depends on the interest and participation of all of its members for its existence. With continued support and promotion by the students, this organization will be able to carry out its work as effectively and progressively as it has in the past."

OUR PRESIDENTS

Each spring it is the privilege of the Student Body at Charlotte to elect its three presidents. After being elected each assumes his specific responsibilities which may consume much time and effort on his part. We can truly say that this year has been a successful one and its success, although chiefly due through the efforts of the Senior Executive and Junior Councils, was guided by "Our Presidents"

SENIOR COUNCIL

Senior Council has played an important role in making this year a success. Among its noteworthy accomplishments have been the Chartered Bus Committee,

Senior High Party, Booster Club and the establishment of a bulletin board.

JUNIOR COUNCIL

Junior Council this year, was a body operating in high gear. While their traditional Junior High Party was a success, they were responsible for the C.A.R.E.

project which flourished principally because of their strenuous efforts.

EXECUTIVE COUNCIL

While the Executive Council has put into operation many of the suggestions of the other councils, it has certain Constitutional powers over which it has sole control such as; approving the budget, establishing

and supervising a cheerleading system, and establishing regulations for election campaigns. These things were competently and effectively carried out.

C.A.R.E.

"The most generous homeroom."

Each Home Room that contributed \$5.00 or more to the Care project, received an achievement certificate in recognition of their gift. This idea flourished and spurred the drive to success.

BULLETIN BOARD

This year a bulletin board was placed in the lunch room, complete with pictures and stories of future and past activities.

Barbara Allen, Richard Miles

STANDARD BEARER AND GUARDIAN OF THE FLAG

The Standard Bearer and the Guardian of the Flag are chosen annually in the spring of the year. They are the boy and girl who rank highest in scholarship in the Junior Class. Chosen this year were Barbara Allen and Richard Miles.

JR. RED CROSS

The Junior Red Cross is an important part of our high school affairs . . . It serves as a link between countries with its gift boxes, school chest, and international training centers. This year our Rochester Chapter sent \$500.00 to the Hungarians.

The Chartered Bus Committee, a project of the Senior Council, was organized for the purpose of transporting Charlotte Students to and from football and basketball games held at other schools.

MEMORIAL SCHOLARSHIP FUND

"In November of each year, the public high schools of Rochester join in a campaign to raise funds to carry on the work of the Memorial Scholarship Fund. This is a fund supported entirely by the voluntary contributions of the school children of Rochester as a living memorial to those who gave their lives for their country during World War I and II. The purpose of this fund is to provide aid to worthy students who need financial help to stay in high school."

HISTORY OF CHARLOTTE'S HORTICULTURE

If you were to go back to 1932, when the present Charlotte High School building was built, you would find the greenhouse being put to a completely different use from that of today. It was a conservatory for the Biology Department's growing of plants. Like Franklin and Monroe, Charlotte then had a greenhouse Club of 50 to 60 members which met after school. In this club students worked on their own projects, but they also held Christmas Sales, etc., for the benefit of the club treasury. In addition, parents joined evening classes in horticulture, and from this activity the Lake Shore Garden Club, still active today, was then organized.

Prior to September 1936, Mr. Bennett wrote the main structure of the syllabus for the Horticulture

Curriculum which, with revisions, is still used today. It was approved by the State Supervisor of Agricultural Education in 1936, and ornamental horticulture on a vocational basis began at Charlotte. This course provided training for florists, greenhouse keepers, nursery men, and market gardeners. Horticulture and Charlotte began to be synonymous.

During the late thirties and before the war, night school classes for adults were formed in gardening and landscaping. About 125 people registered for beginning and advanced classes in these courses. People from all parts of the city came to Charlotte High night classes. Victory gardens were encouraged in industry and elementary school during the war by Charlotte High Staff and day classes who sent materials and instruction sheets out into the community.

HORTICULTURAL SALES

The clever displays of colorful flowers are familiar sights in Charlotte's front hall. The Horticulture Department produces these sales on particular occasions for the benefit of both the Department and the students and faculty. As part of instruction in the department, crops grown in the greenhouse are sold. Not only does the course teach pupils how to grow crops successfully but also gives the pupils experience in sales as well. Few courses offer the full cycle of instruction of production, preparation for sale and actual sales. They are usually planned for holidays. Mrs. Morrison's and Mr. Kumpf's classes alternate the handling of the sales. Each has a student manager and under him a publicity manager, sales manager, and production manager.

From September to June the occasions for the sales are in this order: Fall Bulb Sale, Christmas, Valentine's Day, St. Patrick's Day, Easter, Mother's Day, and Spring Plants Sale for garden use. Since it is important that the planned flowers must bloom near the day of the sale, great care goes into the advance preparation. Very often plants are planted six months ahead of time. The profits are used to buy new equipment, bulbs, and supplies for the Horticulture Department. Students and faculty have the opportunity to buy plants, bulbs, shrubs, and freshly cut flowers; thus the whole school and community are more aware of the beauties and values of the subject Horticulture.

VOCATIONAL HORTICULTURE

Perhaps a large percentage of the student body at Charlotte does not realize that the Horticulture Department of the school is unique. It offers a course in Vocational Horticulture which is matched in only two other cities in the state. The course consists of a six credit sequence; one credit (five double periods per week), and two in twelfth. The course is divided into eight main topics which are developed and elaborated. These are Orientation, Soils and Fertilizers, Propagation, Cultural Practices, Plant Science, Insects and Diseases, Ornamental Design and Landscaping, and Commercial Management. Students completing the course may go to college or directly into business. The course provides much of the necessary information for business. For those students wishing to further their education, the course provides an excellent background for entrance to schools offering advanced work in Horticulture and Floriculture. Some of these are Cornell University and Syracuse University, which offer four year programs, and the State schools at Alfred and Farmingdale, which offer two year programs.

Vocational Horticulture requires that each pupil have a project. A total of 450 hours are spent on the project during four years. Four separate projects may be selected but much preferred is continuing one main project that is expanded and developed from year to year.

The course is under the Supervision of the Vocational Agricultural Education Department of New York State and the Vocational Department of the Rochester Board of Education.

Another course under the Horticulture Department is the Non Vocational Horticulture. This is a three credit sequence consisting of one credit in ninth grade, one in tenth, and one in eleventh. The syllabus is similar to that of Vocational Horticulture but is not as complete. This course also requires a project, but one involving only three hundred hours in three years. The project may take the form of landscaping the home grounds or planting a flower garden or similar home improvement projects.

This course benefits a student in many respects even though he may not seriously consider the field for his vocation. After the course a student may take a job in a greenhouse or nursery and make a direct use of what he has learned. As in Exploratory Horticulture, the avocational possibilities of horticulture are much brighter for a student who has pursued this course. A general interest and liking for horticulture is all that is required for admission but the practical knowledge can be useful and enjoyed throughout life.

All students in the eighth grade are given the opportunity to take a series of exploratory courses to orient themselves with the senior high. Such courses may help them to decide what to major in during future years. Exploratory Horticulture, by stressing the highlights of Horticulture, offers many advantages to students. What is learned during this course can be put to use at various times in later life. Exploratory Horticulture opens up possibilities. If the interest and talents of the students seem to run along these lines they will discover this during the course and they can later pursue the Vocational or Non Vocational course. The course also has the advantage of appealing to students on an avocational basis. They can learn much that will help them when they have gardens of their own either to beautify their homes or as hobbies.

JUNIOR PROM

If you happened to come to Charlotte's big gym the afternoon of May 19, 1956, perhaps you would have thought you had entered a mad house. Students in clothes covered with lavender paint were running back and forth on seemingly pointless errands. A return visit a few hours later would have convinced you, however, that the earlier activity had been purposeful. The gym had been transformed into a beautiful park for the Junior Prom, "Moonlight and Music," presented by the Class of 1957. To obtain the effect of a park the walls were covered with paper and sprayed with lavender paint. They were gaily decorated with trees and flowers. Girls in graceful gowns of soft colors and their escorts glided around the fountain and among the trees to the music of Syl Novelli's band, playing from a raised pavillion.

A fairyland of ice, glittering stars, and shimmering lights was the setting for the Senior Ball, "The Northern Lights," December 15, 1956. Not often are there found such elaborate and breath taking decorations as the senior class designed and assembled. Dan Pooley's band added to the romantic atmosphere as it played from an igloo. Penguins graced the throne of the king and queen while a crepe paper ceiling of dark blue created the illusion of an Arctic sky. Perhaps the most spectacular attraction was the Northern Lights surrounding the dancers. These were made of blue, yellow, green, and pink pastel paper hung in vertical strips. Colored lights played upon them. The effect was magnificent and the dance will be one long remembered.

THE EXCHANGE STUDENT

In October, 1955, we heard in school about a one year scholarship at an American high school. I knew that we would have to pass examinations. I did not know, however, that there were 400 who had applied and only 12 could go. When I found that out, I was already through examinations, fortunately. Then I had to fill out lots of applications and write a personal statement, which were sent to the American Field Service in New York. I was not sure I was actually going until the end of June. The next month was filled with all sorts of preparations—certainly practicing English, too, believe me. And when we arrived in New York we were just lost with our few words and had to start all over again.

It is certainly difficult to tell what impressed me most in the "New World." Maybe it is that I feel almost at home here after the short time I have been here. Everybody seems to be welcome in America. Maybe it is the friendliness of all the kids in school and all the people I have met. Maybe it is the greatness of the country, that is so unusual. In Europe you can hardly travel for one day without passing into another country.

I can certainly say that I enjoyed my stay here and I will never forget my friends who gave me such a wonderful impression of America.

"Kipp" Sturdy

This past summer I spent two months in Istanbul, Turkey. Under the auspices of the American Field Service, six-hundred and ninety five American students went to various foreign countries for the summer. We traveled on a student boat with language and orientation classes during the days, and dances and song feasts in the evenings. We spent four days in Paris at the end of the summer.

I lived with the Sevket Kundakcioglu family in the Asiatic suburb of Istanbul, on the Sea of Marmara. My 18 year old Turkish sister, Cihan, was the only

English speaking member of our large family, and it was she who was my closest companion. Through Cihan, and my close relationship with my family, I quickly learned the Turkish language. I experienced much of the Turkish way of life, and tried to give a good impression of our American culture.

My experience with the Turkish peoples was one of deep respect for their customs, religion, and mode of life. Much of the international distress in our world today could be solved by the theme of the American Field Service.

THE LIGHTHOUSE FLASHES

Lighthouse Flashes was presented February 21, 1957 in Charlotte's auditorium. It was a spectacle of color, elaborate costumes, and talent. The Flashes takes place in alternate years. Its purpose is to raise money for the school. The purchase of a new projector for the auditorium was made possible from funds thus earned in former years. Students and faculty worked together many hours planning, staging, and rehearsing the show. The art classes made clever three dimensional posters advertising the coming attraction. The seventeen student variety acts were proof that Charlotte is filled with hidden, and some not so hidden talent.

The Christmas decorations were unusually fine this year not only from the quantity viewpoint but quality as well. The classes of Mrs. Kerr and Mrs. Fedder spent many hours and put much hard work into them. Large murals hung throughout the school spreading Christmas cheer, as well as painted windows, and free form decorations which hung from the ceiling of the front hall.

ACTIVITES

FUTURE NURSES OF AMERICA

Seated: P. Poore, C. Hilliard, S. Guthiel. *Standing:* K. Lung, J. Sanger, S. Eckstrand, Mrs. Affleck, Advisor; C. Hilderbrandt.

During the past year a Future Nurses of America club was organized at Charlotte High School. Mrs. Affleck, the school nurse, is the club's faculty advisor.

The purpose of the club is to acquaint girls who are interested in nursing with the many opportunities of that field. It is also to help future nurses learn more about nursing as a profession.

The motto of the club is:

"FOR A FUTURE
THAT'S BRIGHT, BE A
LEADER IN WHITE"

FUTURE TEACHERS OF AMERICA

Last year the Future Teachers of America Club was organized. The club has visited schools and obtained much information from various state teachers colleges.

The purpose of the club is to enable anyone interested to have a closer look at the teaching profession.

Officers of the club are:

President, Nancy Smith

Vice-President, Karen Oswald

Secretary, Judy Lankford

Treasurer, Cecelia Scialdone

Corresponding Secretary,

Virginia Kabelac

CONTEMPORARES

This year a group of musicians got together under the leadership of Jerry Quinlan to form one of the best little dance bands in the world.

The members of the band came originally from other small dance bands which faded out. Fortunately the separate bands got together. This proved to be the right combination.

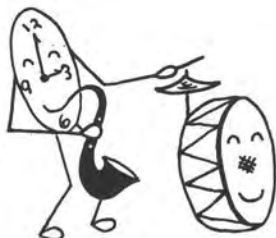

Music of the great masters such as Bach, Beethoven and Kenton are played and appreciated by the musicians.

The members of the band participate in many musical organizations, a few of which are; Inter-High Orchestra and Band, and the Charlotte High Band and Orchestra.

Thus far this year the band has done a wonderful job of playing for the Charlotte High Canteens.

Mr. C. Harding, Mrs. B. Coleman, Mr. A. Hollander, Mrs. L. Brooks, Mr. E. Schick, K. Sturdy, P. Lowenguth, F. Caricchio, J. Smith, Mrs. E. Luckett, B. Shultz.

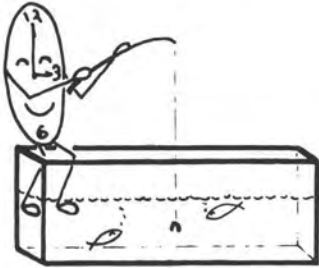

The Senior Sociology class' interest in the conflicts in their parent-teenage relationship brought about this interesting assembly. It originated as a class project, but it was decided that it would be beneficial to the entire Senior High to participate. A panel of four parents, and four students aired their views on their greatest conflicts. Questions from the audience also were discussed.

AQUARIUM CLUB

The Charlotte High Aquarium Club is unique. It was founded about eight years ago, and it is the only group of its kind in Monroe County. Their meetings are based on problems concerning the study and care of tropical and exotic fish. Most of the fish come from Florida and the tropics.

The Aquarium Club receives recognition from many local pet shops. Because of this recognition the members are able to obtain sizable discounts on many of their purchases.

This year the club had a few local experts on Ichthyology as guest speakers at their meetings.

FASHION BOARD MEMBERS

The Fashion Board members participate on various fashion boards and councils throughout the city. At Sibleys the meetings of the fashion board are held twice a month. A fashion show is put on in which all the representatives participate. Two of the girls also make the clothes they model.

The fashion boards are mainly for teen-agers. They have guest speakers who are models, hair stylists, fashion designers, etc. The girls receive tips on how to wear clothes, colors and what fabrics to use.

LITTLE THEATRE

The Charlotte "Little Theatre" originated in 1953. Mr. Heidenrich, a former Charlotte faculty member, was the first advisor of the group. Little Theatre's main purpose is to foster an interest in drama and the theatre. It also gives budding young actors and actresses a chance to portray their talents.

Each year the group puts on one major production and several one act plays. Assemblies at Charlotte are all under the supervision of Little Theatre.

In the past the group has done such plays as "Stardust," "The Robe," "Highland Fling," and "The Curious Savage."

INTER HIGH GROUPS

The Inter-High groups consist of students from high schools throughout the city. Rehearsals are on Saturday mornings. The band and orchestra meet at Monroe High School while the choir rehearses at Kilbourn Hall.

Inter-High band was organized in 1926 under Mr. Karl D. VanHoesen. He has been its conductor for thirty consecutive years.

Members of both groups are auditioned by their respective directors. For this reason the music used and produced by the choir, band and orchestra is distinctive.

Inter-High choir has been in existence since 19 . Mr. Marlow G. Smith has been the director for years.

Both musical organizations are sponsored by the Board of Education.

COMMERCIAL HONOR SOCIETY

Twenty-six years ago the Commercial Honor Society began at Charlotte High School. The organization includes eleventh and twelfth graders who have maintained at least a "B" average in the commercial course and a "C" average in everything else.

Service and loyalty to the school, high scholastic standing and excellence of character are the main objectives of the Society.

The first edition of the Charlotte Pilot was published nearly forty years ago in the print shop of the old Charlotte High. Mr. John Lee, now retired from Charlotte High School faculty, was the first advisor. At that time it was not a regular publication. Today it is issued almost monthly and has become a typical school newspaper.

At present the Pilot is under the supervision of Mr. Ralph Barber, who has been the advisor for the past two years.

LES BABILLARDS

The French Honor Society, Les Babillards, is composed of honor students from second and third year French classes. The year's schedule begins with a formal initiation party or banquet in the fall for the new members. A guest speaker is a feature of the evening.

Later in the year, the Charlotte group participates in an inter-high French banquet or soirée. An exchange of letters with French teen-agers is an integral part of the year's activities. Six members have been Teen-Age Diplomats to Europe. The Carolyn Emerson Prize Book is given for the highest French II Regents paper, and French III "A" pupils receive honor awards.

OPTIMATES

About twenty-seven years ago, all the high schools in Rochester formed a Latin Honor Society to be known as Optimates. This was strictly an honor group consisting of Latin students having A or B marks at the end of the first year.

Charlotte High promoted the idea of Optimates and as a result has the Alpha Chapter.

Since its beginning until now, Optimates has played a significant part in school affairs. There have been Inter-High Banquets which Latin Honor students from all schools have attended. Charlotte has sponsored several of these large parties.

JR. Y-TEEN

A new Jr. Y teen club was started in 1956 consisting of ninth grade girls.

They meet at school each Monday afternoon. The purpose of the Y-Teen club is to be of service to our community and to raise the standard of citizenship among ourselves. It also helps to promote and co-ordinate participation in the Y.W.C.A. activities.

Some of the activities are bowling, swimming, dancing, volleyball and badminton.

CHARLOTTE BETA CHI-Y

The Charlotte Beta Chi-Y consists of Junior and Senior girls who are members of the Y.W.C.A. The Y-Teens meet every Monday night at the Y.W.C.A. The girls have access to all of the facilities of the Y, and besides enjoying such activities as movies, swimming, and bowling, they have had many interesting speakers.

FOOTBALL

The football team for the 1956 season was one of the greenest Charlotte had had in a long while, but this team had something most highly rated football teams lack, FIGHT! Led by the incomparable Dave Ferguson and tricky Jack Curchin, the co-captains, CHS grew stronger as the season progressed and achieved three victories in seven games, the greatest being a tremendous 13 to 7 upset of Marshall. The scrappy eleven also beat Monroe 12 to 7, reeled off

20 points in a losing cause to Franklin, and in a non-league tilt at Batavia, beat Notre Dame 14 to 0.

For the seven games Jack Curchin starred on offense with five touchdowns, while John Perduyn, Ken Bargy, Leon Pickens, and George Groth each contributed one. On defense it was Dave Ferguson making the holes for the backfield.

It was a very successful year for a team that wasn't even supposed to be in the running.

For the second straight year the name of Dave Ferguson appeared as ALL-SCHOLASTIC and this was no surprise to the football fans, who have witnessed his shattering of the enemy line and his ground shaking tackles. On the second team was Jack Curchin and along with the honorable mentions, Bill Farmen, Leon Pickens, and John Frattare made up the all-scholastic lineup.

SOCCKER

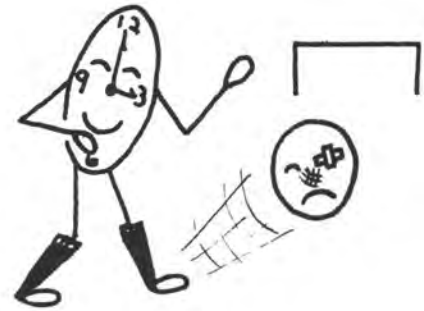

Charlotte was well represented in the Interscholastic Soccer League by a team the likes of which the school hasn't seen in years. Our Lakesider pitchmen won five out of eight league contests finishing third, pulverized Irondequoit, avenged an upset in a playoff with Franklin, and advanced into the Section Five playoffs.

Boasting a powerful offense led by Frank Caricchio, scoring champion of the city with thirty one points, and Jim Fardette with six points, CHS had one of the most feared offenses in competition. Strengthening the backfield was Bob "Willy" Williams, Doug McNeil, Jim Dye, and Lynn Weilacher, along with the terrific goal tending of Wilbur Wood, who allowed but nineteen points to trickle through. Put these together and you have a team which knocked East out of two straight undefeated seasons, shutout three opponents, and advanced to the semifinals of the Sectionals.

ALL-SCHOLASTIC SOCCER 1956

FRANK CARICCHIO

One of the best soccer players ever to grace the school scene, Frank wasn't just a point maker, he was a terrific team player, setting up plays, assisting his team mates, and dropping back on defense when needed. Frank scored 31 of the 51 team points in the league and 49 of 85 all totaled and his scoring of nine points in the West contest set a record.

BOB WILLIAMS

Although not especially skillful, "Willy" made up for it with his aggressiveness, speed, and fight, and played every second of every game never letting his man score once. Playing at left inside last year, he made honorable mention, switched to left half-back this year and achieved All-Scholastic.

WILBUR WOOD

Possessed of tremendous kicking and throwing ability, Wilbur turned many of the rival teams offensive maneuvers into offensive plays for CHS. In eight games, Will allowed only 2.38 points per game, while his team mates supplied him with 6.38 points per game. Last season, in his debut as CHS goalie, Will gained an honorable mention in the All-Scholastic Ballot.

JIM FARDETTE

Playing right inside, Jim booted three goals for the season, and when the chips were down in the crucial non-seasonal contests, he contributed four more. A very speedy and tricky dribbler, Jim supplied the punch in many of our decisive victories.

Fardette to the rescue!

SECTIONALS

Charlotte entered the Sectionals after beating Franklin's Quakers 10 to 2 in a third place playoff. At Pittsford High School, the Lakesiders trimmed Wayne Central 4 to 3 in the Quarter Finals, then lost a heart-breaker to Edison 4 to 2 at the old U. of R. field to bring to a climax their Sectional attempt.

The 1956 season was an honorable one for Charlotte's Cross Country team. They achieved their best record in Cross Country competition, a 5 won 3 loss slate, good enough for third place in the Interscholastic standings. Led by Gary Thompson, who achieved two first places in four meets, the team ran over most of their opponents and got the low total of points necessary for victory in Cross Country races.

The Reserve Squad, CHS' runners of the future, broke even in their meets with a 3-3 record.

In the annual Scholastic Race, with a field of forty-three runners, Gary Thompson took ninth place and Carl Bernstine eleventh. In the Sectionals, Charlotte again made a fine showing by finishing fourth in a field of sixteen teams.

BOWLING

First Team Bowling, left to right: R. Ladue, R. Maher, B. MacGregor, J. Riley.

FIRST TEAM

Charlotte's first string bowling team of '57 was considered one of the most spirited in the league. Compiling ten wins, they were led by Bruce MacGregor, who achieved the third highest single game in the league, a 213 score.

Charlotte's tennis team, with a very green team to represent them this year, put together grit and determination to overcome their awkwardness and emerged with a respectable 2 won, 3 lost record for the season.

Dick Welch led our team with a singles record of 3 won, 2 lost. Captain Jon Fox was next with a 3-2 record also. Scott Eaton rounded out the singles with a 1-4 record. The doubles team of Marshall Gurnee and Bob "Willy" Williams came out with a 2 won, 3 lost record, which rounded out Charlotte's tennis team of 1956.

GOLF

Golf, a minor sport in school competition except to the participants, was given a good shot in the arm by the showing of Charlotte's Golf team in the '56 season. The team, with Jack Burgess, Jim Christ, and Lynn Weilacher continually shooting in the low 80's to provide the spark, tied for second place in the City.

In the Sectionals, Jack Burgess tied for second place by shooting a 79, and Lynn Weilacher came in fifth with a score in the 80's.

EDITORIAL

After a mediocre season last year, the 1956-57 basketball team combined height, speed, and expert coaching by Mr. Murray to finish in fourth place with a 10-6 record after a third place finish in the first half. Top scorer for Charlotte was Leon Pickens with 241 points and a 15.06 per game average. Following him was his younger and taller brother Bill with 227, a 14.18 average. Russ Bird with 153 points and Bill Farnen with 133 were the only others over one hundred points. The rebounding and scoring of the Pickens' and the speed of Gary Thompson and Dick Mercer led us to our great season.

Highlights were:

Almost upsetting East in a 70 to 67 contest, Bill Pickens' twenty eight points against Jefferson, and brother Leon's last second jump shot in beating Marshall 55 to 54.

SWIMMING

Champions of the Inter-Scholastic Swimming League. That is what Charlotte is, for the third straight season.

Led by Jack Curchin, holder of countless Free-Styling Records, and breaker of six this season, Bill Dunn's Lakesiders ran up another perfect 8 won, 0 loss slate in the '57 season to run their League unbeaten record to twenty three straight. Free style Rex Parmelee, Back stroker Lee Jones, Breast stroker Al

Carris, and diver Dave Schreiber were the individual standouts in mark meets. In the Sectionals the relay team won, but Curchin and Parmelee lost by inches in their events. They reversed the decision, however, by beating their conquerors in the traditional meet with Brighton. The high spot of the season was the meet with West High, when, with Charlotte losing by one point, the relay team coped the final event and the victory, 40 to 36.

WRESTLING

Wrestling, a successful sport at Charlotte the last few seasons, had perhaps its most prosperous year this season. Finishing in third place with a five won, three loss record, Charlotte caught its second wind and with a tremendous finishing kick, placed seven men in the city finals of the sectionals.

For the regular season, last year's sectional champion, Harry Leary, until he suffered a broken nose in the sixth meet, pinned every opponent. Bill Sile

finished undefeated, and Dave Ferguson, Jim Fardette, and Frank Caricchio had only one blemish on their slates.

In the city finals, Leary, Fardette, and Sile won while Ferguson and Caricchio lost referees' decisions, and Charley Henley and Tom Peer were outpointed. In the Section 5 tournament, Leary again became champion along with Fardette and Sile.

The Varsity Baseball team of 1956 had a rough time, losing close tilts and winning close ones. They finished with a respectable three win, five loss record. Highlights were an action packed 12 to 7 loss to Marshall

1956 TRACK

Charlotte's track coach, Mr. Quenan, in the process of building, built up quite a record in the 1956 track season, when his cindermen ground up five of eight opponents to finish in fourth place in the league standings. Although missing their veterans, the team came up with other men to fill the vacant track shoes.

Outstanding in their events were Gary Thompson, Frank Caricchio, and Leon Pickens. Highlights of the "Cinder" season were a close 46.5 to 44.5 victory over Monroe, and a 57 to 38 beating of archrival Marshall.

CHEERLEADERS

Two things make up a winning team—a good team that is on the field, and an equally good team off the field. Charlotte had this combination, with the best trained, best looking, best cheerleading squad in the city. Captains of the Varsity Squad were Charmaine Biehler and Carol LeShander.

JV

The Junior Varsity Cheerleaders were as equally adept at cheers as the varsity and cheered for the Soccer games, and the J.V. Basketball contests. Captain of the squad was Margo Smith.

THE GIRLS' ATHLETIC ASSOCIATION is an organization consisting of all the girls of Charlotte High School. Girls from seventh grade up become members of this organization by taking an interest and participating in sports.

The Girls' Athletic Council is a chosen group of twenty five girls who represent all the girls of Charlotte High School. These girls are chosen not merely for their enthusiastic interest and participation in sports, but also for their fine sportsmanship which they display while participating in many of their favorite sports. Each spring the Council elects a new slate of officers consisting of a president, vice president, secretary, and ass't secretary. The other members are managers of clubs, a job consisting of acting as a student leader and helping to promote better sportsmanship and interest among the girls. The Council, as a whole plays an enormous part in promoting and arousing the interests in sports.

To promote the interest even further, the G. A. C. has an award system. This system consists of points which are given to each girl who participates in a club after school, attends a sports day, passes Red Cross Life Saving, or helps as a manager. Near the close of the spring season the Council plans an assembly at which the awards are given to the girls who have achieved their required points.

Yes, this Council is truly a group of fine leaders who are continually striving for greater interest in girl's sports.

LIFESAVING

LIFESAVING, a club growing in interest in the last few years, includes girls from the seventh through the twelfth grades.

To join one must be at least an Intermediate swimmer, pass a skill test, swim 220 yards for Junior Lifesaving and 440 yards for Senior Lifesaving. To be a Junior Lifesaver one must be 12 years old in the seventh grade; to be a Senior Lifesaver one must be 16 years old and in the eleventh grade. A minimum of 17 hours is the class time required. The Lifesaver not only learns how to take care of others in the water, but himself as well. Energy and hard work go into the long training period which runs for 17 weeks. At the end there is a written test as well as an individual water test given by a Red Cross Trainer.

The course includes Water Safety Aid Training which teaches the fundamental techniques for instruction of beginner and intermediate swimmers. Water Safety Aid which requires a written and a practical test, qualifies a girl as a Red Cross Instructor.

A person not only gains a feeling of achievement, but also the approval of others.

JUNIOR HIGH ACTIVITIES

**SEVENTH GRADE
GAMES CLUB**

Seventh and eighth graders are interested in square dancing, where they learn the fundamentals of both round and square dancing.

Girls' Athletic Activities are encouraged in the seventh and eighth grades by such groups as Game Clubs. Here a variety of minor games are played as a lead up to more highly organized activities in the upper grades, such as basketball, volleyball, tennis and badminton.

BASKETBALL CLUB has attracted many sports-minded girls from grades nine to twelve. This club is open on Monday to the girls from ninth grade and up who don't know the game. Experienced tenth, eleventh, and twelfth graders are eligible for the Friday club.

For the best game, players should be alert, and possess skill in body control, catching, throwing, and shooting for baskets.

In the Monday club the girls practice to acquire these skills. The basic rules of the game are taught. As time goes on, the shrill blast of the whistle and the referees calling "Technical on number five!" or "Brown over the line—yellow take it out!" become meaningful . . . They learn the differences between the various fouls and violations. A personal foul is any foul involving personal contact with an opponent. A technical foul involves contact with the ball in her possession. A violation is an infringement of the rules for which the ball is put in play from out of bounds. An example of this is either kicking or handing the ball.

Most girls joining the senior high club know the rules, and aim for a faster, more clean-cut game. As well as perfecting their techniques, they learn to officiate, time, and score. Thus on completing the season they are acquainted with all phases of this popular sport.

ALMA MATER

*By the waters of Ontario
Beside the Genesee
In grace and quiet beauty
Charlotte will ever be
A beacon glowing in our lives,
An ever-living flame
We hail you, Alma Mater
We praise your Noble Name*

*Your fame will spread across the years
If we stand firm and true
As you enlarge our wisdom
We grow in honor too,
And when we go beyond your halls
Our destinies to fill
To you, our Alma Mater,
We shall be faithful still*
